 JAP BY VIKTOR NOVIKOV AND PHILIPPE REKACEWICZ - UNEP/GRID-ARENAL - APRIL 2005

- No sufficient interaction between higher education and research institutions and water industry sector. Unemployment remains a big issue, especially in Kazakhstan.
- Lack of specialized academic materials available in national languages.
- A need for a development of transdisciplinary scientific research.

- No special programs for young researchers.
- Lack of academic writing skills.
- No proper research funding.
